Skills You Will Attain:

Ombre Brows Techniques:

Ombre Brows, also known as powder brows, create a beautiful soft natural look brow especially good for people who do not have many brow hairs. It creates a shaded effect rather than hair strokes. It can look great on its own, or you can tattoo hair strokes over the top either by microblading or nano brow with the machine to give them a more dimensional look. The brows can be quite solid or very soft and transparent depending on your clients needs.

Brow Mapping:

Brow mapping ensures better symmetry for the brows. With the help of a caliper, you'll be able to mark the center of the brows, measure the brow length, find the arch and more. Additionally, you'll use a string to connect these marks, creating a precise guide for the Nano Brow procedure.

Face Shapes Identification:

Understanding face, brow, and eye shapes enables you to create a brow shape that complements each individual. From oval to rectangular face shapes, upturned to hooded eyes, and straight to rounded brows, you'll learn to identify them all. You'll also learn the ideal brow placement to ensure they do not look too close together or too far apart.

WHO IS THIS FOR?

You May Be Asking These Questions...

Can I Start A Business?

This course is best suited for someone looking to start a business in Ombre Brows, whether at home or in another setting, providing services to their own clients

At the end of the course, you will have professional Ombre Brows skills that you can earn a living from by providing services in Ombre Brows.

If you are purchasing our product kit, you will have all of the products and equipment you need to perform services on your own - all of our products are professional grade salon products and brands.

We have been delivering skills courses in beauty and hair for 15 years now, and by far the most popular option for our students is to start their own business.

Many work from home around their other commitments and some start stand alone salons. We even have students who work in the industry doing mobile services. It's entirely up to you and what suits your lifestyle.

From our experience with thousands of students, starting a business gives you the most freedom and flexibility, while maximizing your income.

Can I Get A Job?

As there is no licensing or formal education requirements in New Zealand*, you can get a job working in a salon with our certificate.

But, like any job, it's going to depend on your skill level and whether a particular salon / business owner decides you are a fit for their business. We obviously cannot guarantee a job after completing our courses.

Salons differ though and there are many that only hire people with accredited qualifications or apprenticeships.

And some will only let you do an apprenticeship with them as apprentices are on much lower wages.

So if you are looking to work at a particular place, then ask them first if our certificate will be enough or discuss it further with our Student Enrolment Advisers.

QUALIFICATIONS

The Certificate You Receive

Certificate of Completion

On successful completion of our Ombre Brows Certificate Course, you will receive a certificate of completion.

This is all you need to help you demonstrate your skills, work in the industry, get insurance or start a business.

You do not need an accredited training program or apprenticeship to provide Ombre Brows in New Zealand.

Licensing & Regulatory Information

Our certificate is legally valid in Australia and New Zealand (and many other countries) to allow you to set up your own business or start working in a salon.

There are no regulations requiring practitioners to be professionally licensed to work in the country. However, health and safety guidelines are strictly observed to ensure public and worker safety:

Here are the Guidelines for the Safe Piercing of Skin:

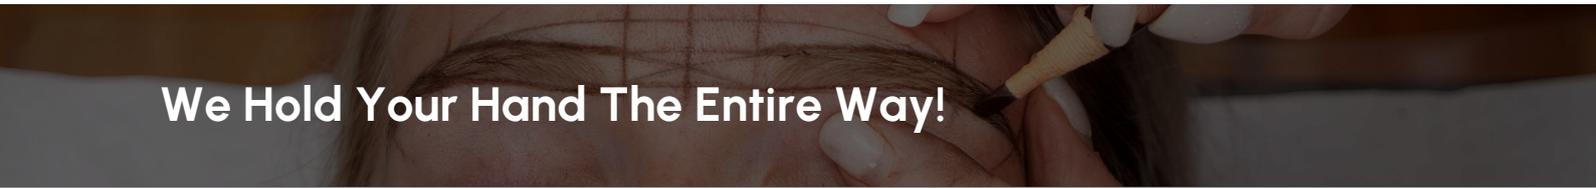

http://www.dronet.org/lineeguida/ligu_pdf/skinpier.pdf

If you're outside of New Zealand or Australia, we'd recommend checking the regulations within your local area to see if different qualifications or licenses are required.

This means that many other training avenues have opened up for those interested in entering the beauty industry at a fraction of the price and with far less time restraints than traditional training.

So just to clarify, if you are in a country like New Zealand, where there is no licensing requirement our Certificate is all you need to work in, or own and run a salon.
